#### IMPORTANT MATERIAL

In addition to its economic use as a durable and fire-proof cover for walls and ceilings, plaster is an important material for decorating, according to the Southern California Plastering Institute. Some of the best decorating today is done with colored acoustical plaster, which also provides excellent soundproofing to any room, corridor or lobby. Because plaster is pliable it can be used to decorate light covers, soffits and other areas where it is impossible to work with substitutes.

### Church Women Observe Day Of Prayer Friday

Friday, Feb. 17, marks the 75th anniversary of the World Day of Prayer. The Torrance-Lomita Council of United Church Women will hold their services at the Waleria Community Methodist Church, 3646 Newton, Torrance at 1 p.m. The speaker is to be the Rev. David O. Beadles of the Waleria Methodist Church.

World Day of Prayer, sponsored in the U.S. by the United Church Women of the National Council of Churches, began in 1887 at the suggestion of one woman of one denomination to pray for the success of its home missions and to bring gifts for their support. It has grown into a giant interdenominational prayer cycle, with the people of 245 countries and in America 22,000 communities holding special services.

Mrs. Bert Pemble, president of the Torrance-Lomita Council of United Church Women, announces the anniversary service will be based on the theme, "Forward Through the Ages."

One of the World Day of Prayer goals is an offering of \$750,000 for the regular on-going extensive educational, medical and religious projects around the world, and two anniversary specials. One special project is a massive literature program for the new Africa, with a Christian training center for African writers, the production of half-a-million books written by Africans for Africans, and the first stage of a coordinated program of training writers in the special techniques of radio script writing.

Women of the central area are invited to come to the local observance to be part of this great world-wide program.

Those in the North Torrance and Gardena area are invited to attend the services at the Hope Evangelical United Brethren Church in Gardena.

#### WIPER BLADE

The Automobile Club of Southern California advises that any wiper blade that streaks or smears the windshield should be replaced unless the wiper arm can be adjusted to supply sufficient pressure for a clean, clear wipe. This is important during winter when driving visibility often is hampered by adverse conditions.

### Press Day Held By Lasuen High

A group of students from Fermin Lasuen High School, in San Pedro, recently spent one of the most interesting days of their lives at Loyola University. They were given the opportunity of observing the workings of the press, in conjunction with Catholic Journalism Day. Father Markey S. J. acted as moderator for the exciting program.

Upon their arrival at Saint Robert Bellarmine Hall they were given a brief outline of what to expect during the ensuing day. After the short summary they were on their own.

First on the agenda, by unanimous decision, was a visit to the Sportswriter class. Here the representative from the Los Angeles Examiner explained his method of reporting sports events. He reminded the group that it is very necessary to have an education, if one desires to get ahead in life.

Next they went to the public relations room. The speaker there said that being a Public Relations man requires much study and training, in other words, an education. In the third class the

Public Relations man from El Camino College spoke on yearbook make-up. He explained the fundamental factors which are employed in the composition of a school yearbook.

Mass was celebrated, at the conclusion of the above workshop, in honor of the Immaculate Conception of the Blessed Virgin Mary. Following Mass a delicious spaghetti luncheon was served everyone present.

The group then returned to Bellarmine Hall where KTLN Channel 15 put on a news telecast with well-known newscaster Cleve Roberts. Twelve students participated in the program, four representing Fermin Lasuen High
